Body Clips

Date: _____ Pet's Name: _____ Client: _____

Your pet may need to be sedated for this procedure. Is this okay? YES NO

Does your pet have any medical conditions we should know about? _____

Pre-anesthetic blood work is helpful in determining your pet's ability to undergo anesthesia. This is especially important in patients with concurrent disease or over the age of 8 years old. The cost of this bloodwork is **\$62.00**. Would you like this run today?

ABSOLUTELY IF VET ADVISES NO/DECLINE

Would you like us to update your pet's vaccines while here today? YES NO

If yes, what vaccines? _____

What type of clip would you prefer?

HAIR LEFT ON HEAD, TAIL, AND FEET

HAIR LEFT ON HEAD AND TAIL ONLY

NO HAIR LEFT

OTHER: _____

Would you like your pet's nails trimmed at no charge? YES NO

Does your pet need Frontline, or another flea/tick product while here? YES NO

I hereby authorize Bedford Animal Hospital to perform the procedure noted above, and to administer anesthetics or other drugs as deemed advisable for my pet. I understand the nature of the procedures and the relatives risks involved. I authorized the staff of Bedford Animal Hospital to provide any appropriate care should an unexpected complication arise.

Signature or owner or responsible party: _____

Phone number you can be reached at today: _____

Our body clips are basically for medical purposes (hotspots, severe matting, etc.). Please remember, we are not professional groomers, but we try our best to make your pet look appropriate and feel healthy!
